SHIPPING AND LOGISTICS

## Introduction :

With team of years of expertise and a relentless commitment to excellence, we generate highly enhanced and personalized supply chain solutions for our clients. Delivering consistent, high-quality services globally with unified technology systems integrated through a global network agents over 95+ countries is the pillar of our organization. As we don't own the aircraft, ships, or trucks we use every day, we can be efficient at acquiring the best route and pricing choices.

Our managements and staff of experienced professionals, are in a good team spirit and are committed in assisting our customers in tailoring and choosing the right logistic service plan that matches their diverse needs.

## Global Network

Portworld has a very strong global agent network consisting of independent medium-sized forwarders with motivated and professional staff who can offer the type of service that our customers needs. Via this network, Portworld organizes import and export shipments on a regular basis to and from more that 270 destinations in 95+ countries on six continents.

**1000+**  
**Satisfied Customers**

We provide a full range of global, integrated, multi model freight forwarding services.

**Our Major Service include :**

## Portworld Technology & Innovation

Portworld shipping is a digital forwarder. Unlike traditional freight forwarders, we leverage the technology to simplify the freight movement by offering digital platforms that provide real-time shipment tracking, instant quotes, and streamlined communication. Our clients can have immediate access to freight rates, routes, and shipment statuses at their fingertips. We also integrate the block chain technology which can significantly reduce time-consuming paperwork and the risk of manual errors, leading to faster and more secure transactions.

**Track & Trace**

**Streamlined  
Communication**

## Vision

To become an innovative, constantly evolving organization, which adapts modern management techniques and integrates technology that can support our customers to attain a higher level of customer satisfaction, through our team of trusted, empowered, and respected individuals.

## Mission

Listen to our customers, understand their industry and offer a world class freight forwarding solution that best fits their needs by integrating technology and hands on approach.

## Corporate Social Responsibility

Being in the business of freight forwarding we clearly express our objective beyond profit. We give a commitment to environmental preservation by reducing the carbon emission and aims to operate with Zero carbon emission by 2040. As an employee friendly company, we undertake actions to retain the best talents and offer employments to support the fresh talented graduates. We establish an environment of diversity and encourage a friendly work culture.

**Environmentally

**Employees  
Friendly**

**Zero Carbon  
Emission**

We observed a need in the market for a company based on relationships, integrity, old school approach supported with technology integration, and a passion for taking care of the customer. These are the principles upon Portworld is built on.

It is our people that make the difference

Thank you!
